ROBINS FAMILY HOUSING NEWS & STORIES

Happy New Year!

Monday-Friday 8 a.m. -5 p.m. Saturday 8 a.m. -12 p.m. Closed on January 1st

Our President's Message

As we welcome a new year and a new decade, I want to take this opportunity to restate our commitment to our residents. Over the past year, we have been working diligently to rebuild your trust, by doing some "big things", such as adopting the "Hunt Standard" for resident-initiated service requests and rolling out a mobile application for

residents to submit and track work orders in real-time. But we have also done the "little things," in comparison – those actions that receive less attention, but can impact our residents' lives. One example is our "Hunt Heart" program. This program is designed to address the needs of our new residents, deployed spouses, recently returned spouses, those suffering a family crisis, and those who may be in need of information about or access to social services through military or civilian sources. For example, we provide extra maintenance assistance to deployed spouses when requested, such as removing a Christmas tree, mowing a lawn, or hanging a picture. While we are proud of the significant progress we have made over the past year, our work is far from done. We hope that you are already seeing the benefits of the changes we have made and we look forward to continuing to hear from you on things we can still improve.

Best,

John Ehle
President
Hunt Military Communities

Happy New Year Everyone!

We hope you all had a great holiday and wonderful start to the New Year! Do you know someone who is looking for a new place to call home? Refer them to Robins Family Housing. Make sure they mention your name when they come in to tour and apply. Once they're approved and move in, you will receive \$100.00 Check (After 30 day of Residency).

Maintenance Corner

We would like to remind you of our refuse collection rules. Kitchen waste must be securely wrapped prior to placement in the refuse container. Areas around refuse container must be maintained in high state of cleanliness at all time. Refuse containers must be placed on the front of the street on the day of collection no later than 7:00 am and returned to storage area as soon as possible after being dumped on the same day of collection. Refuse receptacles must be maintained in clean and functional state at all the time. Refuse receptacle must be kept in the rear of the quarters unless a designated area exists. Receptacles will be maintained out of the public view. Refuse receptacles will be replaced by Waste Industries (478-328-1080) when they become unserviceable. Domestic refuse that exceeds the capacity of the refuse container may be bagged and placed next to the container for removal. All excess refuse must be in a plastic bag for removal.

Winter Tips & Tricks

Ever notice the small switch on the side of your ceiling fan? Most people haven't much less give a second thought as to what it does. Flip that switch and you'll change the rotation of your fan to pull air upwards rather than push it down into the room. One of the best ways to help keep that warm air and the cold air out, is to invest in insulated curtains.

SAVE THE DATES

January 13th - 17th

Pretzel Days - We are so lucky to have you as residents! Stop by the leasing office anytime during office hours to enjoy a soft pretzel. We are so "TWISTED" over you!

Fun Facts About New Year's

As we're about to ring in the New Year, here are some facts about New Year's Eve to explain some of your existing traditions, and maybe inspire you to try some new ones! The earliest known New Year celebrations were in Mesopotamia and date back to 2000 B.C. January is named after Janus, the God with two faces, one looking forward and one looking backward. He is the God of beginnings, transitions, gates, doors, passages, and endings. Ancient Persians gave New Year's gifts of eggs, which symbolized productiveness. Black eyed peas, ham and cabbage are considered good luck if you eat them on New Year's Eve or Day because it is believed they will bring you money. Lobster and chicken are considered bad luck because lobsters can move backward and chickens can scratch in reverse, so it is thought these foods could bring a reversal of fortune. The tradition to kiss at midnight isn't a recent invention. According to old English and German folklore, the first person you come across in the New Year could set the tone for the next 12 months. To ensure a year of good luck, firecrackers and noisemakers became tradition in order to scare away any remaining evil spirits and ensure a brand new start.
